Draw Stella the starfish

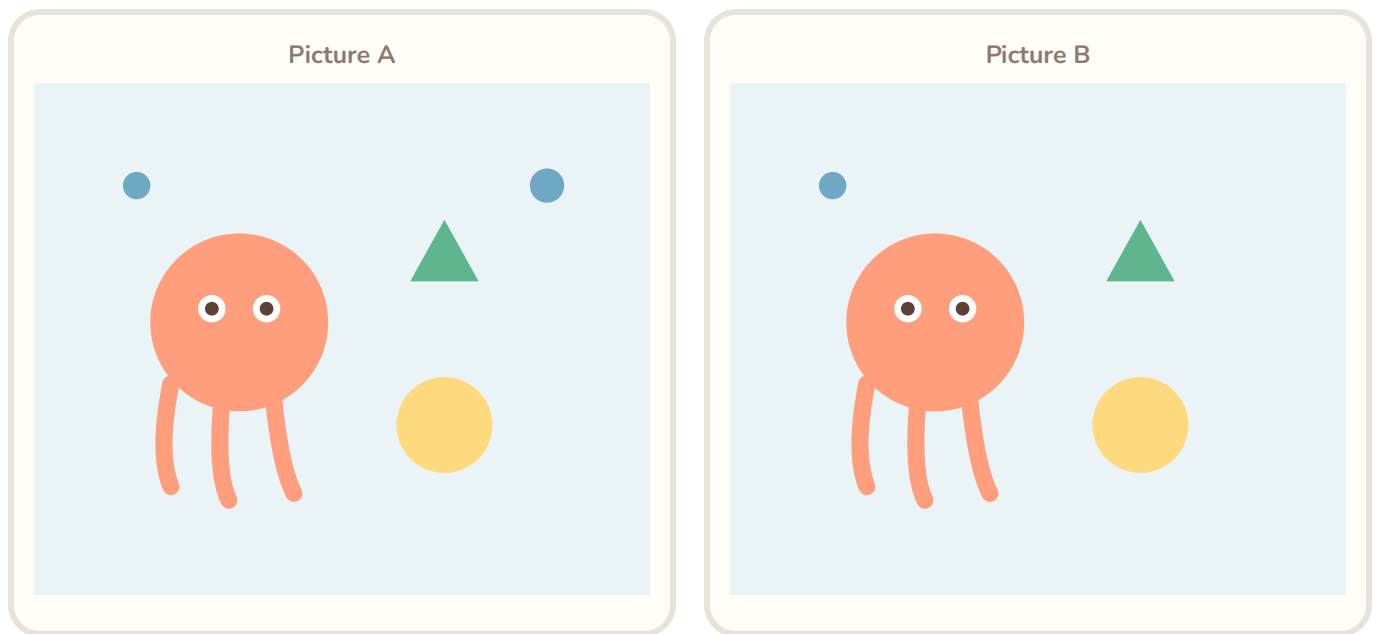

Start at 1 and draw to 10. Then give her a color!

(Dots form a five-point star.)

What changed in Inky's reef?

The two pictures are the same — except for one thing. Can you find it?

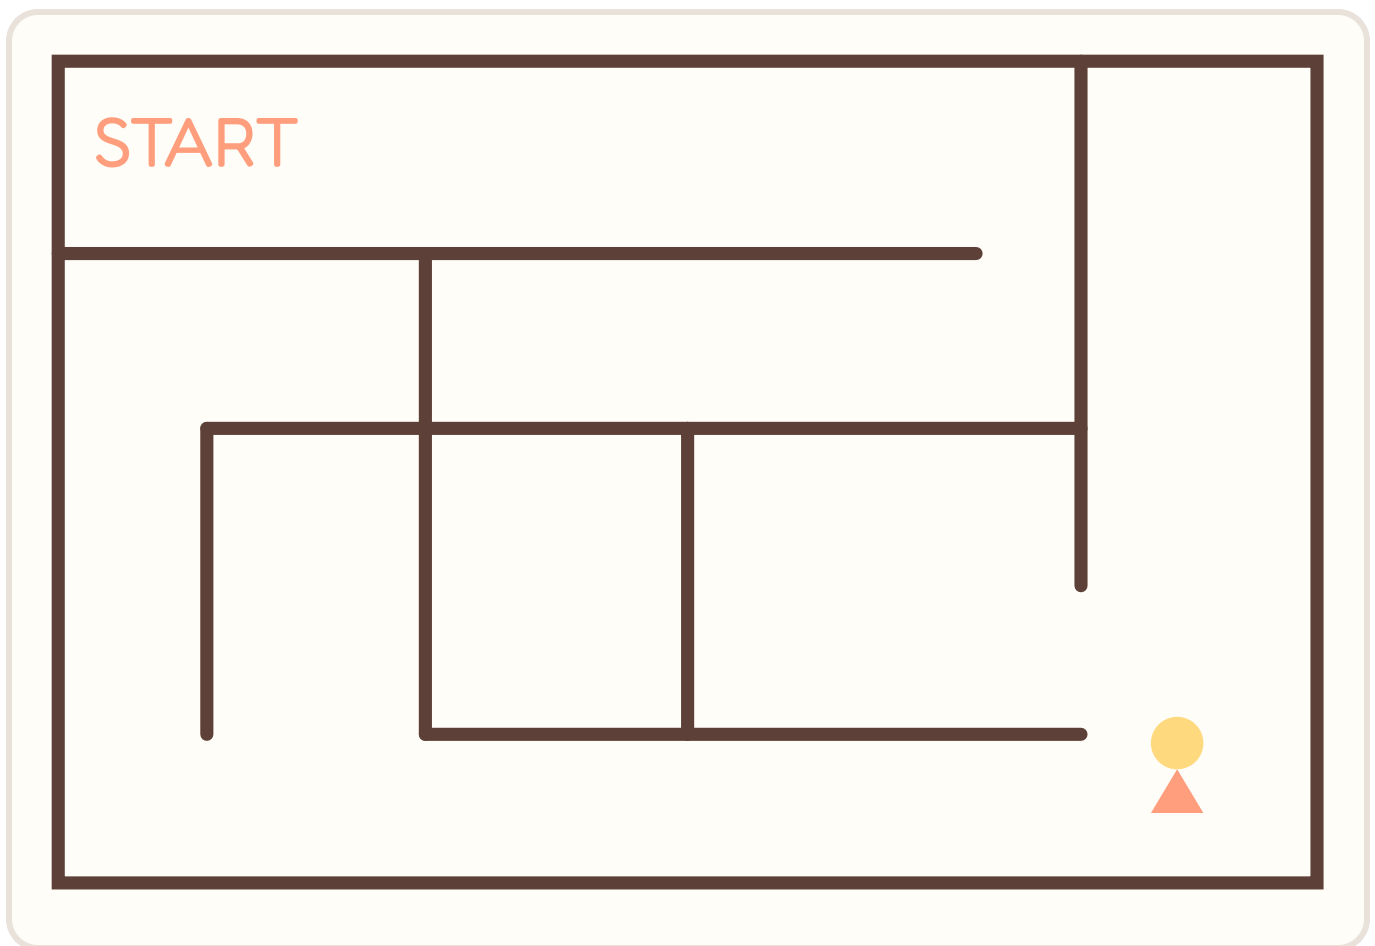

One obvious change — made for little eyes.

Answer: a bubble is missing in the top-right of Picture B.

Help Shellby reach the reef

Trace the path from START to the coral.

Unscramble the critters

The picture helps! Write the animal's name in the boxes.

Trace Pip the seahorse

Trace the letters, then write the name yourself on the line.

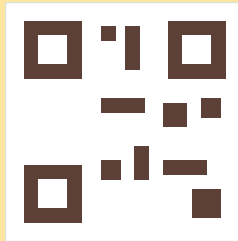

P I P

Big dotted letters — easy for little hands (ages 3–9).

RIVERBEND

Illustrative example. “Riverbend Aquarium” and the code RIVERBEND are fictional and do not unlock anything. A real venue gets its own code, redeemed by link or in the app’s “Redeem a Code” sheet.
