

Let them take the animals home.

A child who just met an octopus wants more the second they're in the car. Give your families a safe, ad-free way to keep exploring — with your name on it.

A calm, ad-free animal app families can enjoy together.

A narrated, documentary-style animal encyclopedia for ages 3–9: 200+ animals across 13 packs (3 always free), read aloud in 5 languages. Founded by Josh Vincent, who grew up in a conservation documentary filmmaking family. 10% of proceeds are pledged to conservation. We're a take-home gift for your families, not a lead-generation tool.

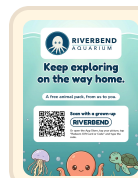

START SMALL, GROW AS IT WORKS

Crawl, walk, run.

1 • CRAWL • GIVE

More value for your members

A perk your members use on the way out, at no cost to you: hand departing families a free unlock code with your venue's name on it, on an exit poster, a QR, or a line in a member email. Families get a free animal pack (\$3.99 value), its printable coloring book, and the books for our other free packs. **Cost: \$0.**

2 • WALK • CO-MARKET

A gift-shop item with no inventory

A coloring and puzzle book made for your venue: your animals, their names, your logo. Email it to members as a PDF, hand it out, or give it away or sell it. Plus a members' discount. **Cost: \$0 to start. You print it; if you sell it, we can share revenue, or keep it free.**

3 • RUN • BUILD

A spot on families' phones

Co-create a venue pack: your animals, your branding, a map of your grounds. A place for your venue on families' home screens, free to give members. If we turn it into a paid product together, we share the revenue. **Cost: on us (we build the first few partner packs at no cost).**

A project, together

How redemption works: Apple offer codes. One custom code per venue (e.g. RIVERBEND), redeemed in one tap by link or in the app's "Redeem a Code" sheet. Member-exclusive, with a redemption cap and optional expiry. Nothing to build on your side.

Let's find your first rung.

A 15-minute call is enough to pick a tier, set up a code, and get something in your families' hands.
